

Purpose:

Horseman's Elite Senior Care is a high quality feed designed for senior horses or horses of any age that have poor teeth or difficulty chewing. This softer pellet provides quality protein and calories along with prebiotics, probiotics, and balanced vitamin & mineral levels.

Features & Benefits of Senior Care:

Feature	Benefit
Rigid Ingredient Standards	Bluebonnet Feeds tests incoming raw ingredients and accepts only the highest quality, therefore only the best ingredients make it into a bag of Bluebonnet Feed!
True-Name Ingredient Listing	Every ingredient is listed by name on the tag and we never use by-products, so you get high quality feed in every bag.
Superior Vitamin Sources	Bluebonnet Feeds uses domestic and European sourced human-grade vitamins. This ensures the highest quality and most stable vitamin packages possible.
"Cool Energy" Calories from Soybean Oil	Soybean oil is rich in Omega Fatty Acids and is a safe way to increase shine, improve endurance, and add weight to your horse without making him excitable.
Prebiotics & Probiotics	Pre- and Probiotics help horses absorb more nutrients from their diet and help keep the digestive tract in proper working order while also improving the immune system.
Biotin	B-vitamins such as biotin are helpful in building strong healthy hoof wall as well as reducing recovery time after exercise and hauling.
Organic (Chelated) Minerals	Chelated minerals are more easily absorbed into the horse's bloodstream. This results in a more effective nutrition program with fewer minerals being excreted as waste.

Bluebonnet® Feeds

Ingredients:

Dehydrated Alfalfa Meal, Rice Hulls, Dehulled Soybean Meal, Cane Molasses, Wheat Middlings, Soybean Oil, Rice Bran, Monocalcium Phosphate, Yeast Culture, L-Lysine, Dried Enterococcus Faecium Fermentation Product, Dried Lactobacillus Acidophilus Fermentation Product, Lactobacillus casei, Bifido bacterium thermophilum, Zinc Amino Acid Chelate, Manganese Amino Acid Chelate, Copper Amino Acid Chelate, Vitamin E Supplement, Vitamin A Supplement, Vitamin D Supplement, Biotin, Sodium Selenite, Manganous Oxide, Copper Sulfate, Zinc Sulfate, Manganese Sulfate, Ferrous Sulfate, Iron Oxide, Cobalt Chloride, Ethylenediamine Dihydriodide, Magnesium Oxide, L-Ascorbyl-2-Polyphosphate (Source of Vitamin C), Roughage Products 20% Maximum.

Daily Feeding Directions:

All Horses: Offer at least 1.5% of body weight in quality forage. Adjust the following feeding rates up and down based on desired body condition.

Split the following into two to three feedings per day:

Maintenance: Feed 0.75 per 100 lb of body weight.

Light Exercise: Feed 0.75 lb. per 100 lb of body weight.

Medium Exercise: Feed 1.00 lb. per 100 lb of body weight.

Heavy Exercise: Feed 1.25 lb. per 100 lb of body weight.

When Used As Forage Substitute: Feed 1.5-2% of body weight

Important Feeding Information:

- Transition horses onto this feed gradually over 14 days.
- Increase or decrease daily feed to obtain the desired growth, weight gain or body condition.
- Offer clean fresh water and plain white salt at all times.
- Weigh feed and divide feed into two or three separate feedings for best results and safety.
- Store in cool dry area away from rodents, insects and moisture.
- Do not use feed that appears old, molded, or has an unusual odor.
- **DO NOT FEED TO SHEEP**

Guaranteed Analysis

Crude Protein	Min	14.00%
Lysine	Min	0.70%
Crude Fat	Min	8.00%
Crude Fiber	Max	21.00%
Calcium	Min	1.50%
Calcium	Max	2.00%
Phosphorus	Min	0.60%
Magnesium	Min	0.20%
Potassium	Min	0.70%
Copper	Min	50 ppm
Zinc	Min	150 ppm
Manganese	Min	150 ppm
Selenium	Min	0.3 ppm
Vitamin A	Min	5,000 IU/lb
Vitamin D	Min	750 IU/lb
Vitamin E	Min	75 IU/lb
Vitamin C	Min	75 mg/lb
Biotin	Min	0.45 mg/lb
Lactobacillus acidophilus	Min	5,600,000 CFU/lb
Lactobacillus casei	Min	5,600,000 CFU/lb
Bifido bacterium thermophilum	Min	5,600,000 CFU/lb
Enterococcus faecium	Min	5,600,000 CFU/lb
